Auburn C.C. is a scenic layout that flows over three broad hills. The course was built in the 1920's and evolved into its current form in the 1930's. The entire course is in great shape. A variety of trees line the rolling fairways. The fairways lead to slightly raised, small greens. Circling clockwise, the track is arranged in a fashion friendly to right handed slicers. The toughest factor in playing the course are the sidehill lies encountered on holes 3, 5, 6, and 7. A great view of the course can be had from the 8th tee, one of the most elevated spots on the course.
