The Pasture Course started in 1992 with three greens that were surrounded by electric fence to keep the cows off the course. Constant improvement has developed a course with wide fairways, well-kept greens and flower beds. Approximately 1500 trees and bushes were planted in 1994 and 1995 and their heights are starting to affect play. Water guards the greens on the sixth and eighth holes, and all but one of the par 4s are flanked with out of bounds. You will enjoy golfing at The Pasture.
