Fonner View is a layout full of charm and challenge. The length of the holes allow golfers of all abilities to enjoy the track. However, a few well-placed bunkers and fairway trees make big hitters think twice before swinging for the green on the short par 4's. Natural dips and rolls give the fairways an eye-pleasing contour and provide some challenging lies. The dogleg par 4, 5th, is as pretty a hole as you'll find in the state. A creek, veiled by a thicket of trees and underbrush, lines the left side of the fairway. The raised green is surrounded by deep rough and a collar of trees. The 7th hole features a new sand trap on the right side of the green. Fonner View comes highly recommended.
