Every aspect of Henderson Municipal is in excellent condition. The layout is scenic and fairly short. It is a great course for anyone just starting out. Raised tee boxes and built-up greens are separated by lush bluegrass fairways. Aspects of the course demand good decision making ability. A creek lies in the bottom of a shallow valley that runs diagonally across the course. The creek widens into a small pond and comes into play on the 2nd hole where you must decide whether to lay up or hit over it. A variety of trees are scattered about, most notably Lombardy trees which serve to block the wind on some of the tees. A visit to Henderson is a treat you'll enjoy.
